CAMP WALLACK. INDIANAPOLIS, May 3. EDITOR WARASH EXPRESS:- As my time of

service is uncertain, and to avoid all difficulty and embarrassment of my friends, I have concluded to decline the race for Marshal of the city of Terre Haute. You will therefore approunce through the Express that I am no longer a candidate for that office. Trusting that this course will meet with the approva of my friends, I remain. Yours, truly, JABEZ SMITH.

We are authorized to say Mr. G Eshman will not be a candidate for Council

man in the Third Ward.

MILITARY.-Company B, Home Guards will meet at their armory this evening, for the transaction of important business. Come out. By order of CAPTAIN.

Two large trains loaded with soldiers passed down the main line of the Hinois Central Rail Road, on Sunday night, en route for

One of the regiments of state volunteers of Illinois, it is said will be stationed at Mattoon, and use the spacious fair ground near hat place as an encampment

ATTENEION 2D DRAGOON COMPANY UNION GUARD .- Every member of this Company will report himself at headquarters, on Third street, immediately, and be prepared to receive marching orders.

G. B. DUY, Captain.

WAR SPIRIT IN NEW YORK CITY .- As an evidence of the war spirit in New York City we may note the fact that the New York Tribune, of Wednesday last, contained near ly three columns of military notices.

What has become of the Committee to prevent the shipment of corn South? Nine car loads left this city on the E. & C. Rail road on Saturday. Shall the traitors have our corn? That is the question.

WEATHER.-The morning of yesterday was fitful and stormy. At noon, however, the sun beamed out gloriously, and shone brightly throughout the residue of the day. The succession of showers which we have had for · weeks past, has caused everything to grow finely.

The foundations of two new stores on Wabash street were laid yesterday. They will be pushed rapidly forward by the owners Mr. Gould and Mrs Boons. The other buildings of the block on corner of fifth and Wabash are progressing very well. The fre quent showers of the last few days have retarded the builders somewhat.

----About thirty of the men of Capt. Ha-GER's company returned to our city by last evenings train. They refused to enlist in the service of the state for one year under the late law of the Legislature. The officers of the company are here intending to fill it up again with recruits from this place, if possible. There is a good opportunity now offered for those who desire to enter the military service.

CAMP MORTON.-This encampment now presents a lively appearance. The roll of the drum, the shrick of the fife, and the word of command creates an ineffable din .-The recent rains have rendered the grounds damp and muddy, but the soldiers seem to be in excellent spirits and anxious for a fight. Many of the soldiers exhibit great proficiency in the manual, and will soon be well disciplined Five regiments of the Indiana Volunteers occupy this camp, together with a few companies and parts of companies which are waiting to be mustered in under the recent | A and all kinds of Millinery Goods. A fine stock act of the Legislature.

UNION FEMALE PRAYER MEETING .- There will be a Union Female Prayer Meeting on Tuesday of each week, at 4 o'clock P. M .-The object of this meeting is to pray more especially for the safety, success, and salvation of the soldiers that have left this city and other places. The first meeting will be held at the First Baptist Church this afternoon, May 7, at 4 o'clock.

Should this movement receive the sanction and co operation of the ladies connected with the various congregations in this city, the meeting will be held alternately at the differ. ent Churches, and continue during the war.

Those who have husbands, sons, and brothers, in the army, are specially invited to

WALLACE BARRACKS.-We had the pleasure of spending vesterday afternoon with the Zouaves at Wallace Barracks. We found the Terre Haute boys in excellent health and in admirable spirits. Their quarters are quite comfortable except their kitchen, which is rather damp and soft. The "dress parade" vesterday evening was an interesting spectacle and showed a very creditable state of discipline. They were put through the evolutions in "double quick time" in full regiment for the first time, Col. Lew Wallace in command. He is an excellent officer, and possesses the fullest confidence of the regiment. Major Wood makes a very soldierly appearance on the field, possessing a magnifcent physique. No companies in the regiment are better drilled or make a finer appearance than the two companies from this city. Terre Haute may well be proud of her contribution to the Indiana volunteers. The boys are growing fut and feolicsome

Volunteers Wanted.

A few more volunteers, able bodied men between the age of eighteen and forty five years, are wanted to fill up the ranks of the Terre Haute Guard" now in Camp Morton.

The above company will be grustered into the service in a few days. Application should be made immedi

ately to the undersigned, in the Linton Block corner of Third and Main streets. J. B. HAGER, Captain.

RIVER.-The river is rising pretty rapidly at this place. It came up two feet during Sunday night, and continued rising all day vesterday. It is in good boxting stage, both for steamboats and flat boats. This has been the case for the past four weeks. It is seldom that the river is high enough for flat boat navigation for so long a period successively, at this season of the year. The flow of water has been very uniform for a month past, and exceeded in volume that of many

Southern ITEMS .- A gentleman of our valley who came a passenger in the steamer Funny Bullitt" from New Orleans, landing at Evansville, on yesterday, represents the south to be making great preparations for war. He says there is no truth in the report that a large body of troops is concentrated at Columbus. There were some soldiers there but no large number. The "Fanny Bullitt" brought some heavy cannon, and munitions of war, which were delivered at Randolph, on the Mississippi. It was currently reported and believed in the south that Governor Magoffin had given his consent that the confederate states, might occupy Columbus as a military point, and that Governor Jackson had pledged aid from Missouri for the reduction of Cairo. A thousand extravagant stories were affoat in respect to matters at the north. It was reported at Cairo that no boats would be permitted to pass after to-day .-Communication by express was said to be \$ stopped. There were between four and five thousand soldiers at Cairo, and the place was being fortified by the erection of batteries .-There is no probability, however, that it will be attacked soon.

How THEY DECEIVE THEN -As an evidence of the manner in which the rebel leaders are deceiving their people in the South, we clip the following from the Baton Rouge (La.) Gazette & Comet. of April 27th:

Highly Important from Baltimore.

CAPTURE OF THE Pennsylvania Regiment.

100 MEN KILLED AND WOUNDED. The following dispatch was received here this morning over the Southern Line, by one of our best known commercial houses, and kindly handed to us for publication:

LYNCHIURG, VA., April 19. "Messrs. Wilson, Mussie & Co., New Orleans; "The Massachusetts Seventh Regiment have been taken prisoners by the Baltimo-

"Over one hundred were killed and Sixteen Baltimoreans were also killed. "Eight hundred improved arms also fell

into the hands of the Baltimoreans. "WM. D. WILSON."

CITY ELECTION.

E. D. CARTER is a candidate for City Marshall, Capt. Jabez Smith having declined. We are authorized to announce the name of JAMES OAKEY, as an independent candidate for City Engineer, at the ensuing May election.

We are authorized to announce the same of A. G. SPARHAWK, as a candidate, for Councilman, from the 5th Ward

We are authorized to announce JACOB ENGLES, as an Independent candidate for Councilman in the Third Ward.

We are authorized to announce the same of W. S. JEWELL, as an Independent candi-

date for City Marshai, at the May election. To the voters of the City of Terre Haute: Belleving that the party nominations made for city

officers, by the Democrats and Republicans, to be ill-timed, and in violation of patriotic sentimentsthis party proceedure being distasteful to tax-payers and to those who believe there should be but one party in these rebellious times-and that party for the country and her fisg, I appeal, therefore, from these party porninations, to those who are for their country, above all party.

To contest this asne, I announce myself as a candidate for CITY MARSHAL. If elected to that position, the duties shall be performed to the interests of the city, with reference to its peace, dignity and good morals, so far as my abilities will admit. April 22, 1861. G. H. PURDY.

Governor Letcher issued a proclamation saying that the sovereignty of Virginia has been denied, her territorial rights assailed, her soil threatened by the authorities at Washington, and every artifice employed to inflame the people of the Northern States against us. Hundreds of stimulants have been invented and sold, purporting to be specific in the various diseases and derangements to which the delicate form of woman render her subject. The result of all these stimulants has been to impart momentary activity to the nernous system, and false vigor to the muscles; but this relief has been succeeded by a depression and prostra-

tion greater than before; and the repeated attempts of

invalids to build themselves up by these false reme-

dies, have finally ended in destroying what little vi-

tal organization was left. But in using "Burhare's

Holland Ettters," you will find no such disastrous

results. It is purely vegetable compound, prepared

on strictly scientific principles, after the man her of
